PROFILE

8+ years building production enterprise software on the Microsoft .NET stack — from MSSQL-heavy backend services to AngularJS/Next.js frontends. Track record spans **FinTech**, **HealthTech**, **Logistics**, **Diamond Industry**, and **Blockchain/Web3** domains. Strong in third-party integrations (EDI logistics, payment gateways, healthcare APIs) and currently building a **tokenised real-world asset platform** end-to-end — backend, investor portal, smart contracts, and compliance gates. Taiwan Gold Card holder, based in New Taipei City, fluent in English, available immediately.
